QM-05	Quality Policy		
Issued by: Quality Management Representative	Effective Date: 8/31/2021		Rev. 4

QUALITY POLICY

It is the policy of **ME Global Inc.** to provide Customers with products that fulfill their specified requirements.

The following principles are applied throughout the Company to achieve this objective:

- Commitment of all employees to this quality policy and their involvement in the continuous improvement of the quality management system.
- Understanding by all employees to the long term importance of achieving Customers' expectations and needs by providing high quality products.
- An appreciation that consistent quality products can only be achieved by ensuring control at each stage of production.

A Company wide quality management system is implemented and designed to comply with the requirements of ISO 9001:2015 and any related Customer quality requirements.

President:
